The zero positive results among 965 tested individuals do not indicate the decline of COVID-19 in Ethiopia but it showed the tested individuals were not infected with the virus. Therefore the Ministry of Health and Ethiopian Public Health Institute would like to remind the public to continue applying all preventive actions and comply with government protective decisions. If any person had contact with confirmed COVID-19 patient should immediately call 8335 or 952 or report to the regional toll free lines or to the nearby health facilities. Furthermore, the public is advised to strictly adhere to all precaution measures including avoiding mass gatherings, wash hands with water and soap and maintain physical distancing.
